 **Essential Question**

# How Can We Use Resources Wisely?

Write one advantage and one disadvantage of each resource in the table below.

Resource Type	Advantage	Disadvantage
1. solar power		
2. wind power		
3. forest		
4. hydroelectric power		
5. geothermal energy		
6. biomass energy		
7. fossil fuels		
8. nuclear energy		

Answer the following question on the lines provided.

9. If you had to choose one energy resource that, in your opinion, is the best way to obtain energy, which one would you choose and why?
